### Service Care Plan Loaners Additional Terms and Conditions

For applicable Service Care Plans that include the provision of Loaners (the “Qualified Service Care Plan”), the following additional terms and conditions will apply.

1. Upon successful processing of an RMA for a Product unit covered under a Qualified Service Care Plan and subject to Loaner availability, X-Rite will arrange for the delivery of a Loaner to Customer for Customer locations in the U.S., UK, EU, and mainland China locations. X-Rite may ship Loaners with a minimum shipping version of software and Customer will be responsible for upgrading to the then-current version of the software. Loaners are not available for all models including i1Pro2, i1Pro3 series, Topaz and RM200QC.
2. X-Rite must receive the Customer’s Product to be serviced, with the RMA number clearly displayed, within five (5) business days from the date the Loaner was received by the Customer. Customer shall send the Product to the location specified by X-Rite (“Return Location”). Customer will be billed 50 USD/EUR/GBP per day after the abovementioned timeframe up to the then-current published list price of the Loaner if it fails to deliver the Product to be serviced to X-Rite, or if X-Rite reasonably determines that the Customer reported Error is not covered under this Agreement.
3. Customer is required to send the Loaner back to X-Rite within five (5) business days from the date the serviced Product was received by the Customer. Customer will be billed 50 USD/EUR/GBP per day after the abovementioned timeframe up to the then-current published list price of the Loaner if it fails to deliver the Loaner back to X-Rite. Notwithstanding the foregoing, in the event that Customer receives a serviced Product back from X-Rite (the “First Product”) and has another Product to be serviced (the “Second Product”), Customer may retain the Loaner for use while the Second Product is being serviced by X-Rite, as long as the Customer obtains an RMA for the Second Product in accordance with Section 1 above and ships the Second Product to X-Rite within three (3) business days from receipt of the First Product by Customer.
4. X-Rite is responsible for all shipping costs of the Loaners as well as the serviced Products from X-Rite to Customer’s US, UK, EU, and mainland China locations. For any other regions additional shipping fees may apply. Customer is responsible for all shipping costs of the Products to be serviced as well as returned Loaners from Customer’s locations to X-Rite.
5. Customer will be responsible for any loss of or damage to the Product to be serviced that occurs during shipment to X-Rite. Customer will be responsible and shall pay for any loss of or damage to the Loaners that occurred while at Customer’s possession and/or during return shipment to X-Rite, including without limitation for missing parts, modifications or any damage beyond reasonable wear and tear, in an amount equal to the then-current published list price of the Loaner or the then current prices charged by X-Rite for such repairs.
6. Customers are limited to up to two (2) Loaner units during any given time regardless of the number of Qualified Service Care Plans they purchased or the number of Products being serviced.
