

From Inspiration to Output, From Concept to Consumer.

Color Supply Chain Management (CSM) (CSM) from X-Rite and Pantone. Color control solutions to help you reduce cycle time and increase quality.

Effective Color Communication between Specifiers/Brand Owners, Suppliers, Manufacturers and Retailers.

Color Control that's easy to implement, easy to use, and that's affordable! Ensure you are accurately and faithfully **communicating color** data throughout your **supply chain**.

Please visit xrite.com/csm for more information
