Portable Instrument Stand Sample Holders

p/n: SP62-802 Powder Cell Holder

p/n: SP62-803 Liquid Cell Holder

Product Features:

- Sample holders compatible with the new SP stand (SP62-801).
- DRS-811 (powder cell holder) and DRS-810 (liquid cell holder) are incompatible with SP62-801.
- The powder cell holder is designed to aid in liquid or powder measurement. The fixture works with the SP or 962/964 handheld spectrophotometers, and needs the Portable Instrument Stand (P/N SP62-801) for proper measurement.
- The liquid cell holder is designed to aid in liquid measurement. The holder features a black chamber with a white ceramic backing that encloses the liquid-filled cell. A cell lid is provided to prevent spilling. The Liquid Cell Holder, requires the Portable Instrument Stand (P/N SP62-801) for proper measurement.
