X-rite pantone®

Stay Connected to Maximize Workflow Performance & Efficiency

X-Rite Link for eXact[™] 2

To set your business up for success, every eXact 2 includes two years of X-Rite Link for peace of mind and complete control of your eXact 2 device.

X-Rite Link is an innovative web-based platform that provides the data you need to achieve optimal performance, whether you own one device or an entire fleet. Stay connected to your devices so you can have confidence in every measurement.

- Reduce manual management with up-to-date device statuses, including device health, certification, and warranty
- Ensure performance by monitoring which devices need attention and downloading NetProfiler certificates of performance
- Track service requests in real time, with the ability to see service statistics at-a-glance

Key Benefits of X-Rite Link

Gain Real-Time Insights

- Ensure clear visibility of device details, including location, firmware version, and service status
- Assign users the appropriate access level for complete control

Track Service

- Request service for your eXact 2 and monitor the entire process from request through the return of your device
- Maintain visibility to historical records including service diagnosis

Manage Devices

- Manage a connected eXact 2 device from anywhere
- Ensure all devices are set up exactly the same way
- Keep devices updated and secure by ensuring all devices have the latest security and firmware updates

 \square

- Share color libraries
- Send a text message directly to an eXact 2
